- A request for approval of the Research Master programme has to be submitted to the Examination Board.
- Changes in the programme first have to be approved by the supervising professor and then must be resubmitted for approval to the Examination Board.
- If you wish to change components of your programme, you can use this form. Fill in your name and student number, check the appropriate box, list the numbers of the items to be changed and fill in the new component.
- A completed and signed form can be sent to/handed in at the Philosophy Department's Student Information Point, E15.24. Please address the form to the Secretary of the Examination Board for Philosophy.

Admission to the Research Master Philosophy

Prof. Dr. C. R. Palmerino, coordinator of the Research Master, works with the study advisors to provide general information regarding the programme and has an advisory role in composing individual programmes and in the admission process of the Research Master. For more information on the programme, the individual components, the OER, etc., please visit to http://www.ru.nl/opleidingen/master/philosophy-research/

Approval for the individual programme and admittance to the Research Master

- Students wishing to enroll in the Research Master programme should contact the programme's coordinator and the professor under whose supervision they wish to complete the programme.
- In consultation with the supervising professor and the programme coordinator, the student composes a provisional individual Research Master's programme.
- The student submits this programme as well as a motivational letter to the Admission's Committee (secr. C. Palmerino).
- The Admission's Committee advises the Examination Board on admitting the student to the Research Master.
- The Examination Board decides whether to admit the student to the Research Master based on the requirements and the Admission's Committee's advice and approves the individual programme submitted by the student (if it meets all requirements).
- If the student has not yet completed a Bachelor's degree, the student will not be admitted to the Research Master. However, in some cases the student may be granted permission to follow courses related to the Research Master.
- Admission to and registration for Master programmes is only possible after the student has completed his/her Bachelor's degree.

Members of the **Admission's Committee** are:
Prof. Dr. L.B.W. Geurts (Director of Research)
Dr. J. Linssen (Director of Education)
Prof. Dr. C. R. Palmerino (programme coordinator, secretary)

If you want to get in touch with the Examination Board, please contact drs. A. K. M. Rijken (secretary).
